"Fashion is part of the life we lead. It changes all the time. With all the trends, how can one see the approachability of a dress in clothes. We can see and feel everything in clothes."

THE WAY SHE WEARS IT

Zulfat
Lahore, Pakistan

Fashion is not just about the look and feel of
the clothes, but also about the way you wear them.
It's all about the way you carry yourself, the way you
look, the way you feel, the way you are and
the way you are not.

"Elegance is part of the daily life and it changes all the time, with all the events. You can even see the appearance of a revolution in clothes, but you see and feel everything in clothes."
